### **ABOUT PROACT PARTNERSHIP**

#### **A family friendly, efficient and effective service**

We offer a wealth of knowledge and skills in all areas with an open and friendly approach, we believe in working closely with each and every client to help ensure all matters are dealt with efficiently and effectively.

#### **Family Office**

We work as a Family Office, a term that refers to us offering advice & administration services for a broad range of Private Client and Wealth Management Services to individual clients in a highly personalised way. We have the flexibility and resource to cover any aspect of tax, estates, trusts, company, property or investment in a bespoke way tailored to the individual clients. This might be just a tax return service or a full wealth administration service including property management, investment administration and company / trust administration.

#### **Our Commitment to Quality**

We work to maintain UK & international quality standards and this provides an important framework for ensuring our business and client management processes are streamlined and robust.

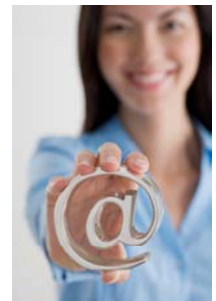

As part of our commitment to serving clients, we regularly obtain feedback on the services we deliver and, where necessary, use this information to develop the ways in which we interact with clients.

#### **Our commitment to our people**

People are crucial to our success. We work to ensure every member of staff is equipped with the necessary skills to perform their job to the required levels. We believe a skilled and motivated pool of people within the firm, and the qualities they possess, are major factors in setting us apart from other advisers.

#### **Our commitment to efficient IT systems**

Substantial investment continues to be made in our IT systems to help ensure ease of communication with the team handling your affairs and speedy efficient document transfer.
